M-DALAG

An innovative mobile-based market information system that revolutionizes the way farmers interact with the marketplace. Our platform serves as a vital bridge, empowering farmers with access to crucial market information and resources right at their fingertips.

With a simple toll-free short number, farmers can unlock a world of valuable insights. They can effortlessly retrieve real-time market prices, ensuring they make informed decisions about their crops. Whether it's determining the optimal selling time or negotiating fair prices, M-Dalag equips farmers with the knowledge they need to thrive..
